Dear Sirs,

Please allow us to inform you that there are burning issues regarding the expropriation in the Kolubara region, where the lignite mines are expanding.

The European bank for Reconstruction and Development is active in financing some parts of the production.

We expect Serbian and European authorities to engage to solve these problems. Hereby we enclose the letter sent to minister Dinkić and previous letters to EBRD.

We would appreciate any help from the side of the Delegation of the European Union to the Republic of Serbia in this matter.

For better and easier understanding we attached the Guardians article on this subject.

Best regards,

Nikola Perušić  
project manager
