Ms. Wawa Wang
CEE Bankwatch Network

Dear Ms. Wang,

Thank you for your e-mail on behalf of CEE Bankwatch Network, BothEnds and RE:Common and the attached comments on the Bank's Public Information Interim Policy, dated June 10, 2016. We appreciate the feedback from civil society.

Your comments cover a wide range of issues and provide a large number of recommendations that will require careful review and consideration as the Bank continues to develop its management systems and considers the application of the Interim Policy. We recognize that a major theme of your comments is the desire for the Bank to adopt a series of "time-bound" disclosure requirements for a large number of different types of Bank activities, which will need to be a consideration as our systems evolve.

We expect to continue to refine the Interim Policy, as approved by the Board of Directors, with annual reviews. The Interim Policy also provides that new policies will articulate the disclosure requirements for information and documents to be produced under that Policy.

We look forward to our continued engagement with you and your colleagues in the years ahead and thank you again for your timely comments. We hope that you enjoy our forthcoming 1st Annual Meeting in Beijing.

Sincerely,

A handwritten signature in blue ink, appearing to read 'D. Alexander', written over a light blue horizontal line.
